## Valentine's Day is on it's Way!

All of the classrooms at Discovery Kingdom are starting to get ready for Valentine's Day! The infant rooms painted hearts with their hands and paint brushes. They had a lot of fun painting and getting messy. When they finished painting they added some glitter to their hearts to make them sparkle.

The toddler rooms will be having Valentine's treats and also will have a Valentine's Day card exchange with other children from their classrooms.

The preschool rooms are getting ready to have a Valentine's Day party. The party will include fun Valentine's Day games, Valentine's snacks, and also movies!

All the children at Discovery Kingdom can't wait till Valentine's Day!

## Important Dates

**February 9, 2012**

Wood County Library Story  
Time

**February 14, 2012**

Happy Valentine's Day!

**February 15, 2012**

Red Cross 'Bee Ready'  
Program with Preschoolers

## Fun with our Senior Friends!

On January 24th, the Preschool 2 classroom went over to the Heritage to make polar bears with their senior friends. The children had to first cut out the polar bear's head and then they glued everything on to a Styrofoam cup. They even used a cotton ball for the polar bear's tail. The children were very grateful for all of the help they received from their senior friends and were able to take their finished polar bears home to show their parents. The children can't wait to do more crafts with their senior friends in the future!
